

What is Title I

Title I is a program through which school districts receive federal funding to provide supplemental instruction for students who qualify. The funds for each school district was based on a State formula that is calculated by the number of students from economically disadvantaged homes. However, Title I services provided with federal funds are based on the academic needs of students. The goal of the Title I program is to increase student performance and academic achievement.

Title I is a federally funded program under the Elementary and Secondary Education Act (ESEA) of 1965 (Reauthorized by ESSA in 2015)

Progress Monitoring

Students who receive Title I support are served by support staff who are Highly Qualified in Mathematics and English Language Arts. Students' progress is monitored on a regular basis to ensure that the supplemental support is effective. The data gathered through progress monitoring helps staff to make intervention decisions.
